

Design by Kathy Gleason

Instructions and Tips

- You may reduce or enlarge this pattern.
- Roughly cut around pattern pieces to separate them. Use repositionable adhesive to adhere pattern pieces to colored paper. Cut out paper and pattern piece at the same time.

NO TRACING!

Remove pattern piece from paper as you assemble design and save to use again.

• Note what you will need 2 of and which will need to be reversed when cutting. (i.e. reverse for right and left hands)

• Slide picture guide into a sheet protector. Assemble and glue together pieces on top of sheet protector. Use the pattern guide to help with gluing order and placement. (Neat Trick, don't you think!)

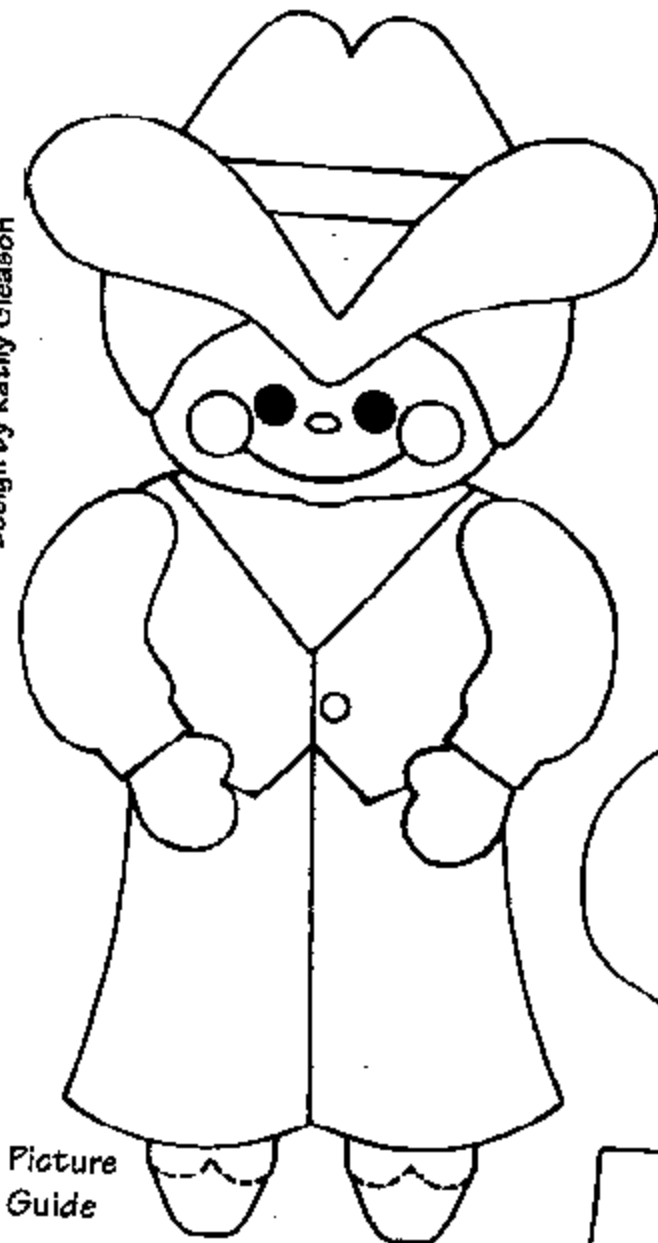

• Use paper punches for eyes, cheeks etc.

• Use a circle template for a perfectly curved mouth.
